## PERSONAL PROJECTS

### CIT 8.0 official Quiz website

- Project details : *Developed and deployed the official CIT 8.0 website for ISTE NIT Durgapur, facilitating seamless registration and test-taking for over 250 participants. The website was built using Django for the backend, HTML and CSS for the frontend, and SQLite for database management. This project involved implementing user authentication, managing test workflows, and ensuring data integrity. It significantly enhanced my skills in web development and motivated me to tackle larger, more impactful projects..*
